Big Fat Man

I knew a **big fat man**
With a big fat mouth
Who told a lot of bad things
Because this big fat man
With his big fat mouth
Loved that stupid jokes
He wanted to make me laugh
But i couldn't even smile
He had to realize he's got to loose
And then this big fat man
With his big fat mouth
Got a big fat man blues

I knew a **big fat man**
With a big fat mouth
Who told a lot of bad things
Because this big fat man
With his big fat mouth
Wants to rule the world
He liked to make us small
But we didn't just adjust
He had to realize
He's got to loose
And then this big fat man
With his big fat mouth
Got a big fat man blues

If he wants you to laugh
But you can't even smile
Just let him realize
He'll only lose
An then this big fat man
Will get
Just a big fat man blues
